ILLINOIS INSTITUTE OF TECHNOLOGY  
LAW OFFICES  
INTEROFFICE MEMORANDUM**

**TO:** 2008 LADR Certificate Program Entrants

**FROM:** Gary Laser

**DATE:** February 20, 2008

**SUBJECT:** LADR Curriculum Requirements

The LADR curriculum is designed to give students a comprehensive and balanced professional education to prepare them adequately for the practice of law, with a concentration in litigation and alternative methods of resolving conflict. It offers an innovative curriculum that stresses the connection between legal doctrine, skills and values, and the art of lawyering; it is one designed to educate the students to become reflective practitioners with a lawyering identity developed during law school that incorporates high standards of competence, ethics, and social responsibility.

All students admitted into the LADR Program who receive a J.D. Degree will also receive a LADR Certificate, if they successfully complete the following five (5) lawyering process and two (2) doctrinal course requirements.

**A. Lawyering Process Courses**

**(over)**

As set forth in the above list of LADR Curriculum requirements (see courses A3 and A4 above), LADR students may fulfill their two litigation clinic requirements by taking either one or two Law Offices in-house litigation clinics or one Law Offices in-house litigation clinic and Judicial Externship. If students take only one Law Offices in-house litigation clinic, they may enroll in any one of the following clinics: Employment Discrimination/Civil Rights with some General Practice, Criminal Defense Litigation, Health Law Litigation, Immigration Law, Family Law Clinic, or the Low Income Taxpayer Clinic. If students take a second Law Offices in-house litigation clinic, they may enroll in any of the above-mentioned in-house litigation clinics including the same in-house litigation clinic they enrolled in to satisfy their first in-house litigation clinic requirement.

LADR students are encouraged to enroll in the in-house litigation clinic of their choice for three (3) credits. The Judicial Externship is a four (4) credit course. Since LADR students complete two in-house clinic courses or one in-house clinic course and Judicial Externship, the usual number of credits they will earn to fulfill their two in-house litigation clinic requirements will be six (6) or seven (7).

For students enrolled in Pretrial Litigation in the fall 2008 semester, the advanced research component of LW 4 will be covered in a series of non-graded classes designed to parallel the advanced research component of LW 4. Successful completion of Pretrial Litigation and the parallel non-graded classes will exempt students from LW 4. All students enrolled in Pretrial Litigation must take LW 3 no later than the spring 2009 semester.

LADR students may not enroll in Mediation and ADR Practice Clinic until their third year of law school and only after they have completed their clinical education and other skills courses requirements.

LADR students should note that the Evidence Course is a prerequisite for Trial Advocacy I.

LADR students are **not** permitted to take any of the negotiation, mediation, or ADR courses which are not designated as LADR courses.

Evening division students generally begin the LADR curriculum in their fifth semester of law school. However, evening students who are accepted into LADR in their second semester may take Trial Advocacy I in their fourth semester.

See the attached two page chart setting forth a model J.D. and LADR Curriculum for students admitted to the LADR Program in 2008 and thereafter.
