

May 2009

Dear Student:

Congratulations and welcome! I want to make you aware of the immunization requirements here at the Illinois Institute of Technology. In accordance with Illinois state law, all students born after January 1, 1957, and enrolling at IIT for the first time after July 1, 1989, must provide documented evidence for immunity to Diphtheria, Tetanus, Measles, Mumps, and Rubella. **International students** must also provide documented evidence of a Mantoux tuberculosis (TB) skin test within the past year. Your parents, high school, previous college, or physician may have these records. Your immunization documents will be reviewed once we receive them to assure they meet both the state and university requirements. **Students who do not provide this information will be unable to register for the following semester's classes.** Obtaining medical records can be a time consuming process; therefore, I suggest you give this matter your immediate attention.

Student Health Services

Illinois Institute of Technology
10 W. 35th Street, Suite 3D9-1
IIT Tower
Chicago, Illinois 60616

Telephone 312 567-7550
Fax 312-567-7502

Email student.health@iit.edu
www.iit.edu/student_health

Students enrolled in courses via IITV, at a corporate site only, or enrolled in less than half-time (not the same as part-time) course load may request a waiver by emailing student.health@iit.edu. Exemption from one or more of the specific requirements may be granted based on medical or religious reasons. **Please see the immunization requirement sheet for more details on exemptions.**

Questions should be directed to the Student Health Services at (312) 567-7550. Please complete the enclosed Immunization Record form and return it to the Illinois Institute of Technology's Student Health Services by mail or fax using the information below. For your convenience, a return envelope has been provided in this packet.
